Career-Objective

A recent BCA graduate passionate about coding, software development, and emerging technologies. Eager to work in a fast-paced IT environment where I can apply my problem-solving skills, contribute to real-world projects, and continuously learn from industry experts.

Education

Bachelor of Computer Applications   Sept 2022 – May 2025
Saintgits College of Applied Sciences

XII Kerala State   2021
St. Ephrems HSS, Mannanam

X ICSE Syllabus   2019
Kuriakose Elias School, Mannanam

Technical Skills

Programming Languages
Python, C, C++

Web Technologies
HTML, JavaScript

Version Control & Tools
Git, GitHub, MS Excel

Projects

Sports League Management System

- Developed a system to manage and automate league operations, including real-time leaderboard updates and improved operational efficiency.
- Tech Stack: HTML, Java

Skin Disease AI

- A web-based AI system that predicts common skin conditions using image input and deep learning to assist in early diagnosis.
- Tech Stack: Python, CNN, Streamlit

Certifications

- AI for Everyone - Coursera
- Google Data Analytics - Coursera
- Scientific Computing with Python - CodeCamp

Achievements

- Led teams in project development, enhancing team collaboration.
- Cleared two rounds of CodeVita 2024 among 1000+ participants.
- Regularly participated in coding competitions across colleges, sharpening problem-solving and algorithm skills.

Soft Skills

- Problem-Solving
- Adaptability
- Team Collaboration
- Creativity & Innovation

Languages Known

- English (Fluent)
- Malayalam (Native)
- German (Basic)
